

## Year 1 Home Learning – 2<sup>nd</sup> Half of the Summer Term

Below, you will see 6 home learning tasks. You may choose the tasks that you wish to complete and do them in any order. Please do not hesitate to contact us if you have any queries.

### Diary Entry

Write a 'Top Tips' page for the Reception children coming into Year 1.

- What advice would you give them?
- What do they need to practise?
- What's your favourite lesson been?
- Where are important things kept in Year 1?

### Maths

#### *Money, Money, Money!*

You need ten coins (or fewer if that's all you can find) and a partner. Together, have a look at the ten coins, then put all ten coins in a bag. Take it in turns to choose two coins – without looking!

Without looking, can you work out the coins you have and what the total is? Ask your partner to check.

Try selecting 3 or 4 coins.

*Help your grown ups at home with the shopping and making different coin combinations.*

### Art

#### Sculpture

Can you make a junk model of a famous landmark?

### Geography

#### The seaside!

Using your senses, describe the seaside.

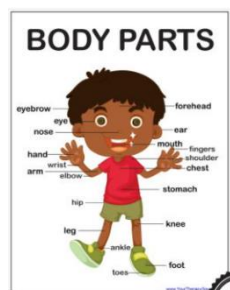

### Jigsaw

#### Our bodies

Write a poster to tell someone how to look after yourself.

For example, have a bath, brush your hair.

### Science

#### Plants

Go for a walk around a garden or park. Which plants can you see? Are there any you don't know? Can you find out their name?

**In addition to these, please remember to spend 10 minutes daily reading and 5 minutes on your common exception words; as well as 5 minutes on your number facts.**
